**Risk, Hazards and Safety**

CSUSB Outdoors is not responsible for any lost, damaged, or stolen gear. All CSUSB Outdoors trips are alcohol, tobacco, and illegal substance free. There are numerous risks and hazards associated with the outdoors.

CSUSB Outdoor trips may occur in remote areas. Communication and transportation can be difficult. Equipment may fail or malfunction. Some environmental safety things to look out for are over rugged unpredictable off-trail terrain, boulder fields, falling or rolling rocks, snow and ice, steep slopes, river crossings, dangerous animals and more. Weather may change to extreme conditions without notice. Many possible injuries and illnesses may occur on a trip, including hypothermia, frostbite, high altitude sickness, sunburn, heatstroke, dehydration, and other mild or serious conditions.

Everyone on this trip must make a conscious effort at all times to be safe. You must always stick with the group, or let someone know where you are going. One person's disregard for safety will result in hardship for the

whole group. If we do have an accident or injury that requires medical attention beyond the abilities of our leaders' experience, the trip is immediately over without refund. Our leaders are certified in CPR and First Aid.
